

PARTNERSHIP PROPOSAL

FLYING DOCTORS SOCIETY OF AFRICA

The Flying Doctors Society of Africa was formed **52 years** ago to give back to the community by giving access to our members' fast-quality healthcare services through Air and Ground emergency evacuations to those in need. Our surplus of contribution is channeled towards helping the less fortunate persons in the community, with a particular focus on offering free treatment to women living with Obstetric Fistula.

Our membership covers **Kenya, Uganda, Tanzania, Rwanda and Burundi** and does not have an age limit and there is no further charge to the members. Membership enrollment is fast and easy and the membership rates are flexible and affordable as below

Membership type	500km radius(northern circuit)	1000km radius(East Africa)
1 year Adult	30 USD/25,000 TSHS	50 USD/85,000 TSHS
1 year Junior	25 USD/45,000 TSHS	30 USD/50,000 TSHS

THE FLYING DOCTORS

DEFINITION OF AN ELIGIBLE EMERGENCY

Flying Doctors Medical Personnel will be responsible for the decision as to whether the condition and location of the member warrant a free evacuation flight. If applicable, and where possible, the member may be requested to be seen by a medical person before a free evacuation is granted. The Flying Doctors reserve the right to charge a member in full for the evacuation should they discover that any medical condition has been fraudulent, intentionally exaggerated or if fraudulent means or devices have been used by the member, or anyone acting on your or their behalf in order to obtain a free evacuation flight.

EMERGENCIES

Includes but not limited to:

Shock, Coma, Burns, Respiratory Emergencies, Cardiovascular Emergencies, Snake Bite, Animal Bite, and Other Tropical Diseases, Hyperbaric Emergencies, Psychiatric Emergencies, Surgical Emergencies, Major Trauma Obs/Gynae Emergencies, Pediatric Emergencies and many more

EXCLUSIONS

Free evacuations will not be granted in cases such as the following:

- 1.**The patient is not suffering from an immediately life-threatening medical condition and/or:
- 2.**The condition can be treated at a medical facility near to the patient's location
- 3.**The patient's condition is not serious enough to warrant air ambulance evacuation, and the patient can be transported by an alternative means such as by road to the nearest medical facility.
- 4.**The patient's emergency has arisen as a result of self-inflicted damage or injury, such as attempted suicide, active involvement in violent or war-related activities, alcohol or drug abuse.

THE COMPANY'S OBLIGATIONS

- 1.**The Company will provide FDSA with an updated list of clients to be covered for evacuation services.
- 2.**The Company must ensure that the members are issued with his/her membership numbers.
- 3.**The company must ensure that the members are made aware of our terms and conditions including exclusions as outlined above
- 4.**Members should be advised to know their membership number at all times during membership period.
- 5.**FDSA MUST be notified of members details to be covered prior to commencement of membership. This information should be sent to;

E-mail: arusha@flyingdoctorsafrica.org and by copy to marketingtz@flyingdoctorsafrica.org

* Tourists not in our database at the time of request shall be liable to meet the full flight cost of the evacuation and any other expenses incurred while arranging for the evacuation.
